For each reporting year, households that had at least one day in ES, SH, TH, or RRH:H; or at least one day in PSH prior to move-in.

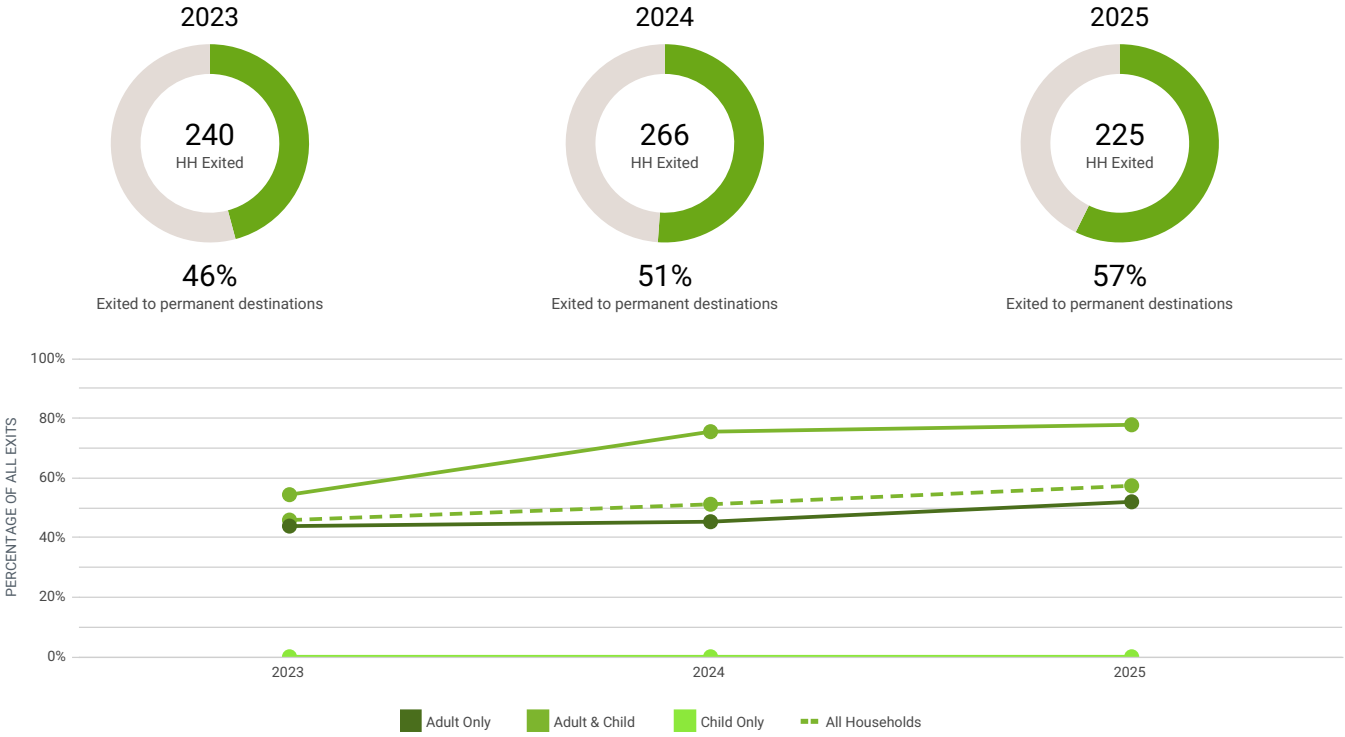

Days Homeless Trend by Household Type

For each reporting year, the average cumulative, unduplicated number of days that households were served in ES, SH, or TH projects; and days in RRH:H or PSH prior to move-in.

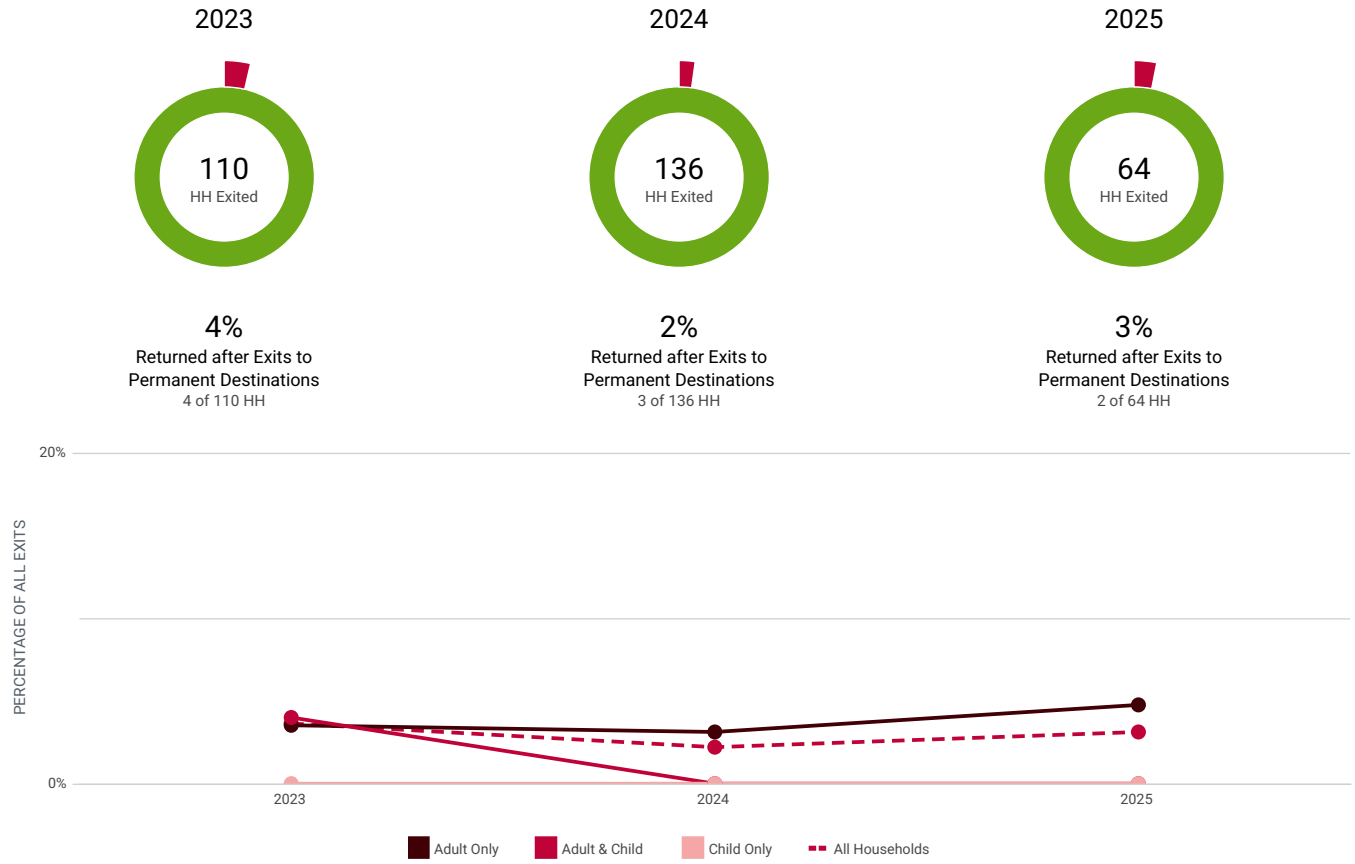

Exits to Permanent Destinations Trend

Number of households that exited from the homeless system and percent that exited to permanent destinations within each of the past three years.

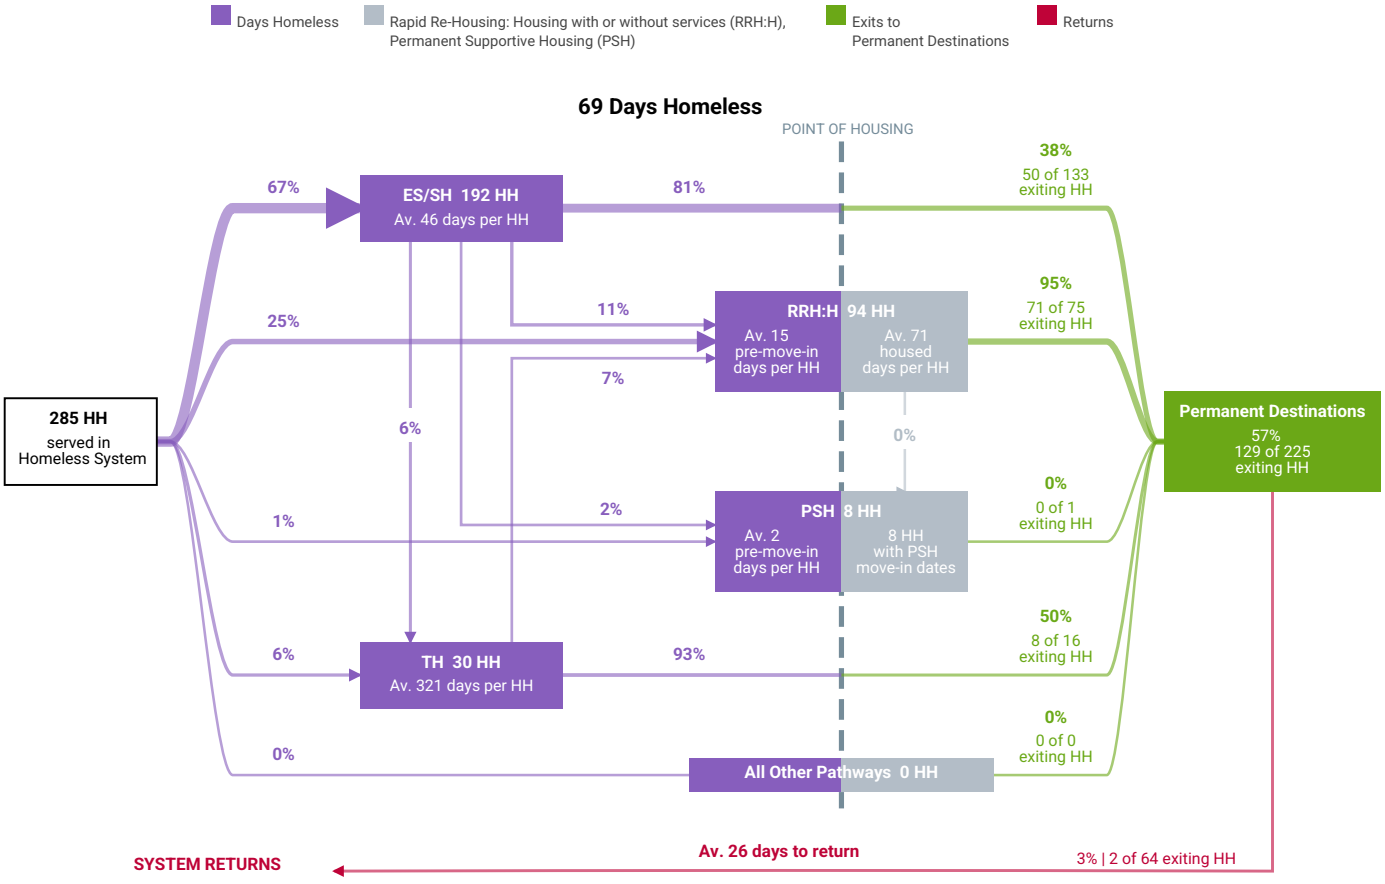

Returns to the Homeless System Trend

Percent of households that returned to the homeless system within six months of exiting to a permanent destination within each of the past three years. For the current report period, the universe for the chart is households that exited within the first six months of the report period.

System Performance Map

Households use different combinations of project types during the time they are served in the homeless system. These project type combinations are referred to as pathways. Each pathway has different average cumulative days homeless, exits to permanent housing and returns to the homeless system. The system map shows performance for the main project types in the homeless system and can be filtered to show performance for the main pathways.

Exits by Pathway

Percent and number of households that used each pathway, and percent and number of households in each pathway group that exited to permanent, temporary and unknown destinations.

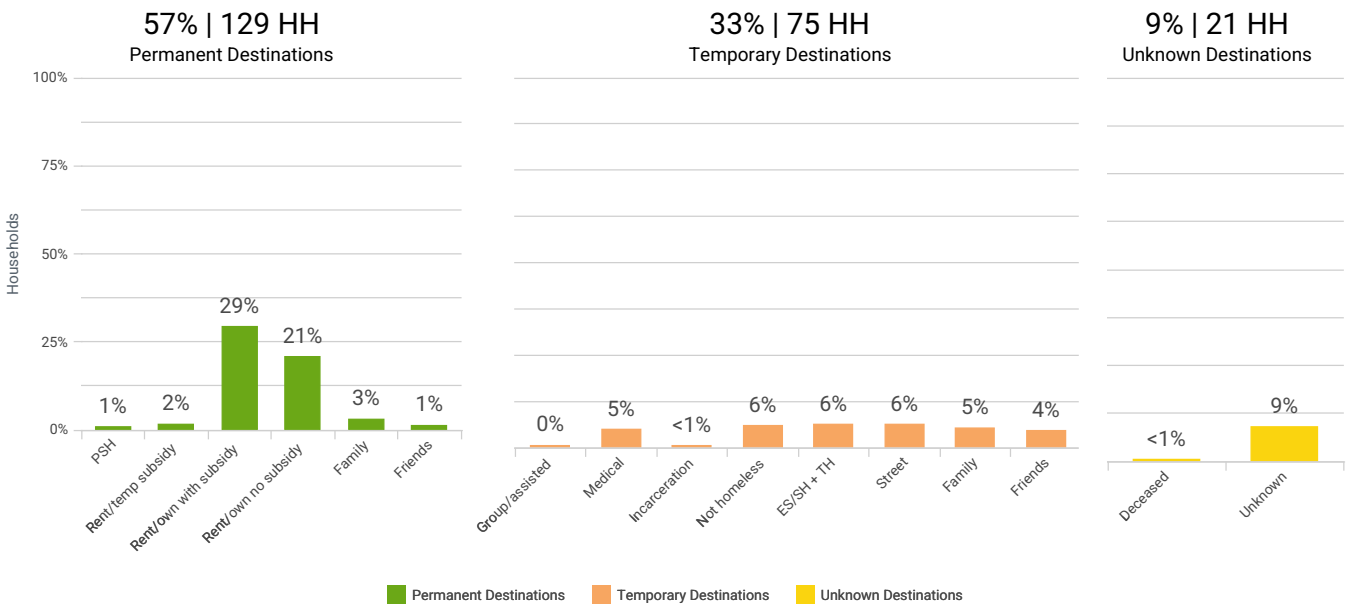

Exits by Population Group

Percent and number of households in each population group, and percent and number of households in each population group that exited to permanent, temporary and unknown destinations.

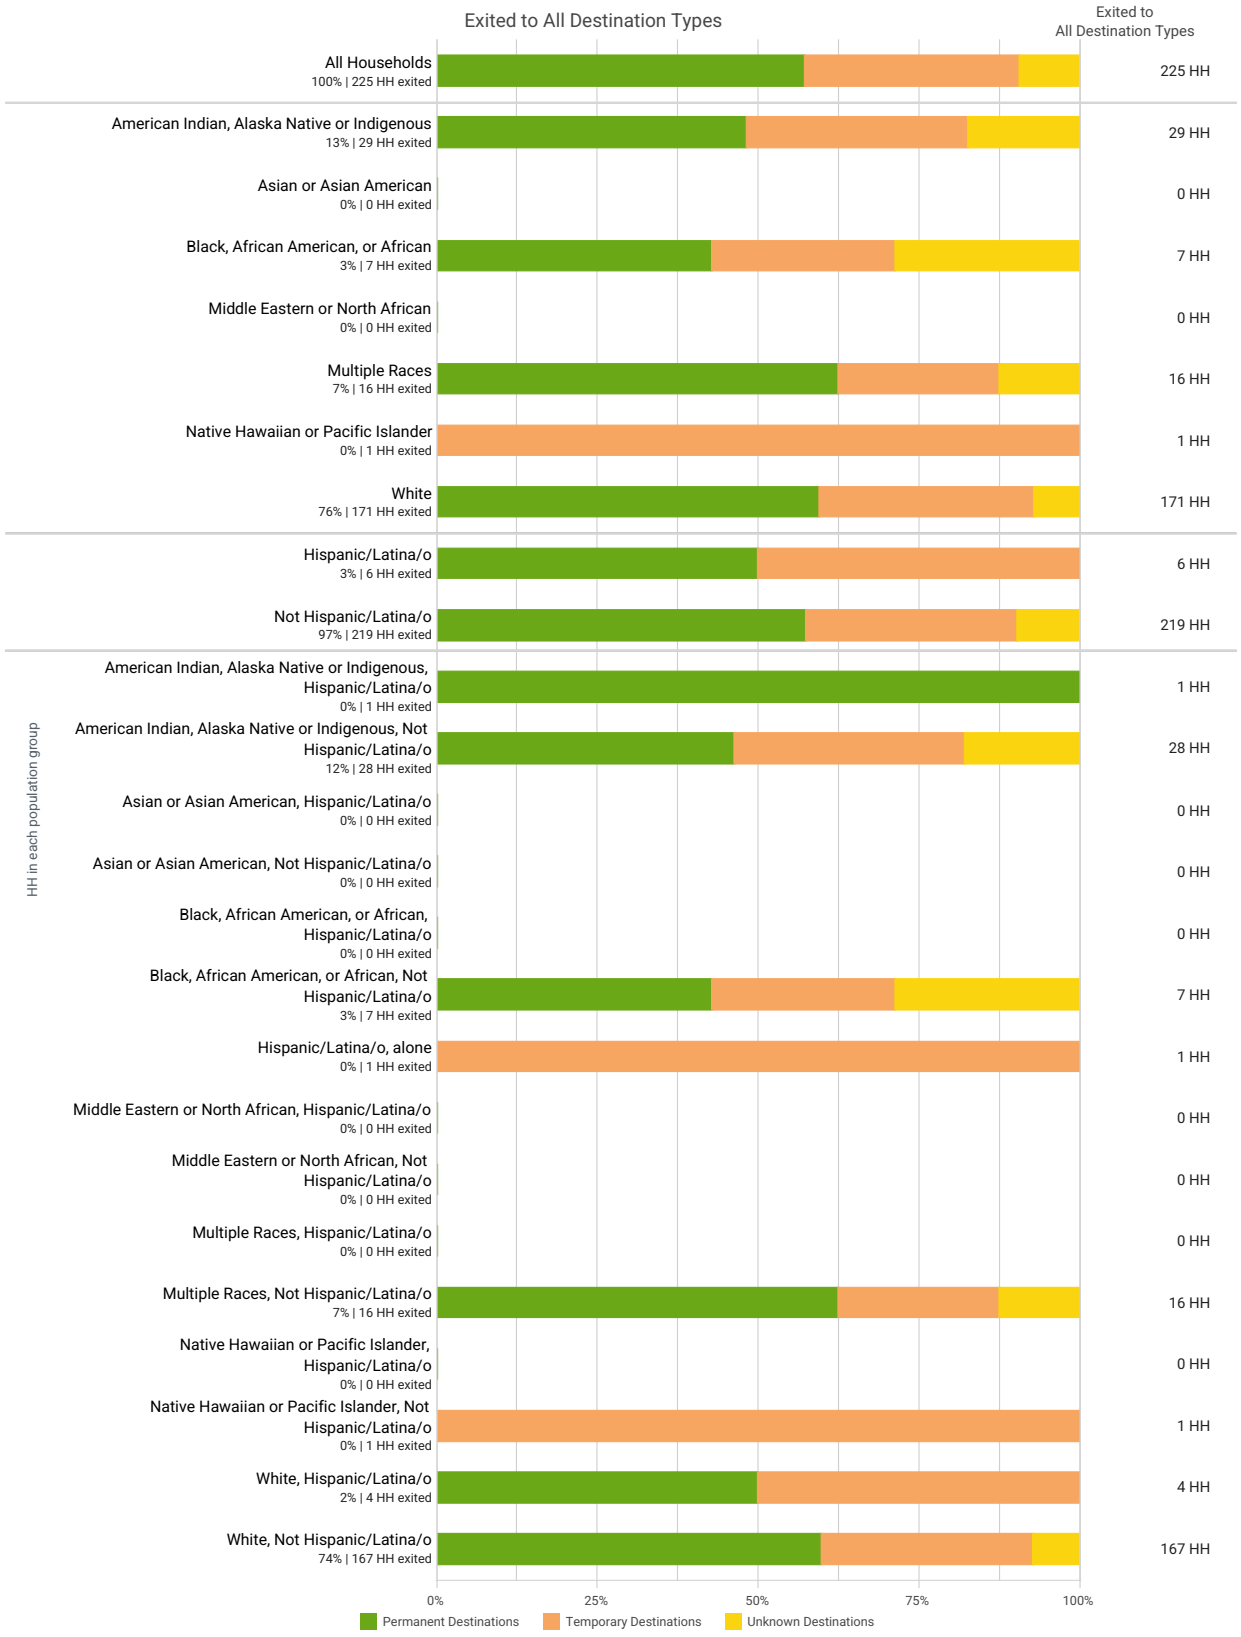

Exits by Destination by Population Group

Percent of households that exited to each destination within the permanent, temporary, and unknown destination types with filters for household type and population group.

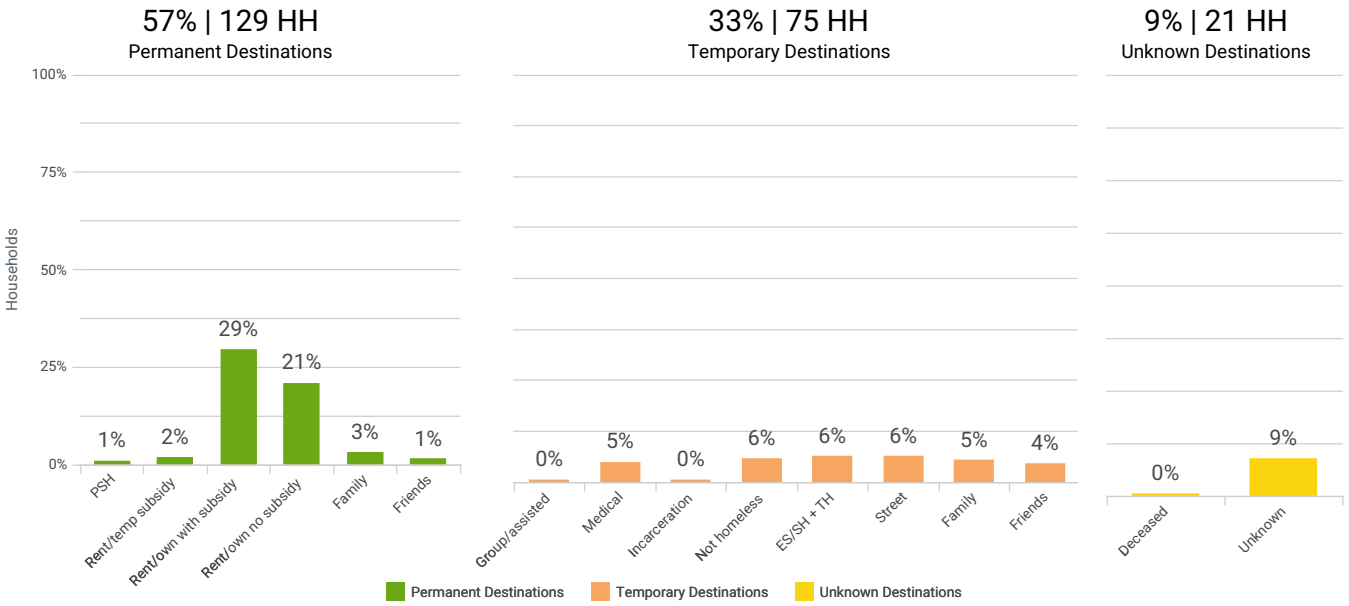

Exits by Race and Ethnicity

Percent and number of households in each race and ethnicity group, and percent and number of households in each group that exited to permanent, temporary, and unknown destinations.

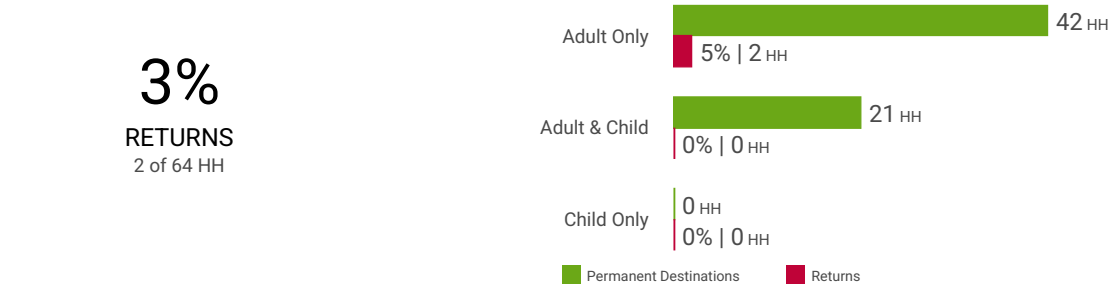

Exits by Destination by Race and Ethnicity

Percent of households that exited to each destination within the permanent, temporary, and unknown destination types with filters for household type and race and ethnicity group.

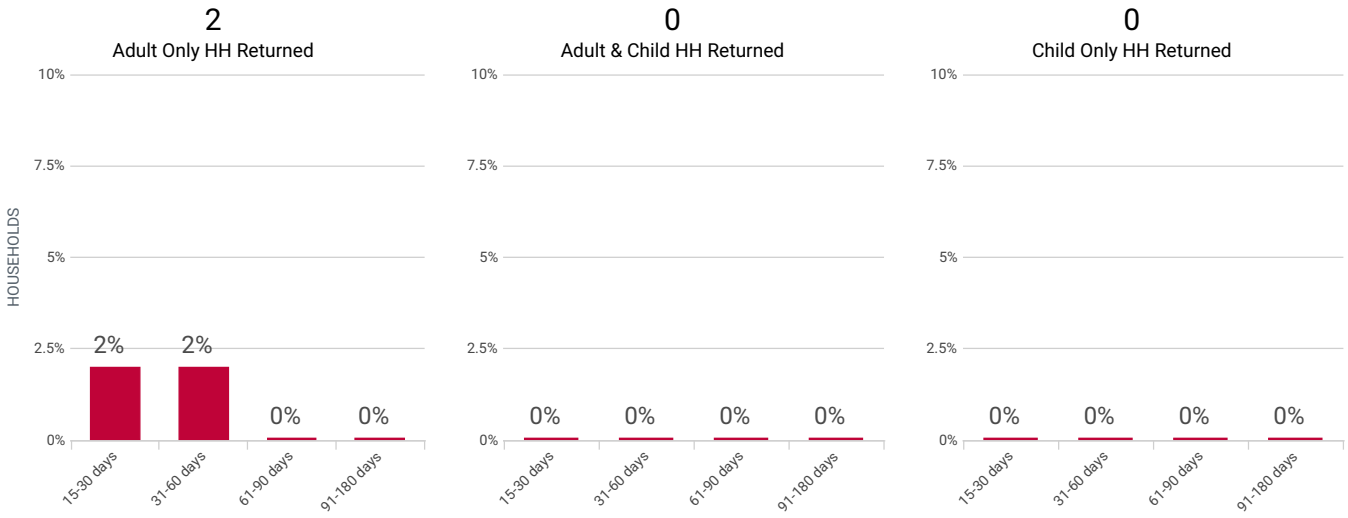

Returns to the Homeless System

Percent of households that returned to the homeless system within six months of exiting to a permanent destination. Results are shown for the selected exit cohort.

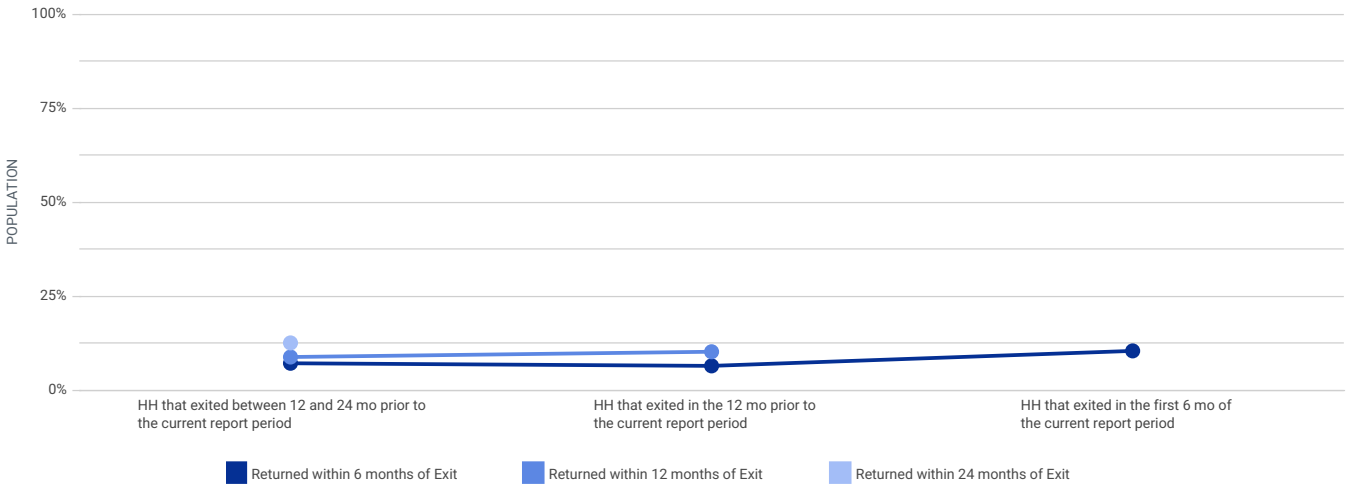

Time Distribution of Returns

Number of households that returned to the homeless system after exiting to a permanent destination and the percent of households who returned within each of the defined time intervals. Results are shown for the selected exit cohort. Return rates are cumulative for the timeframes available for each cohort; only the oldest cohort has return rates for the full three-year period.

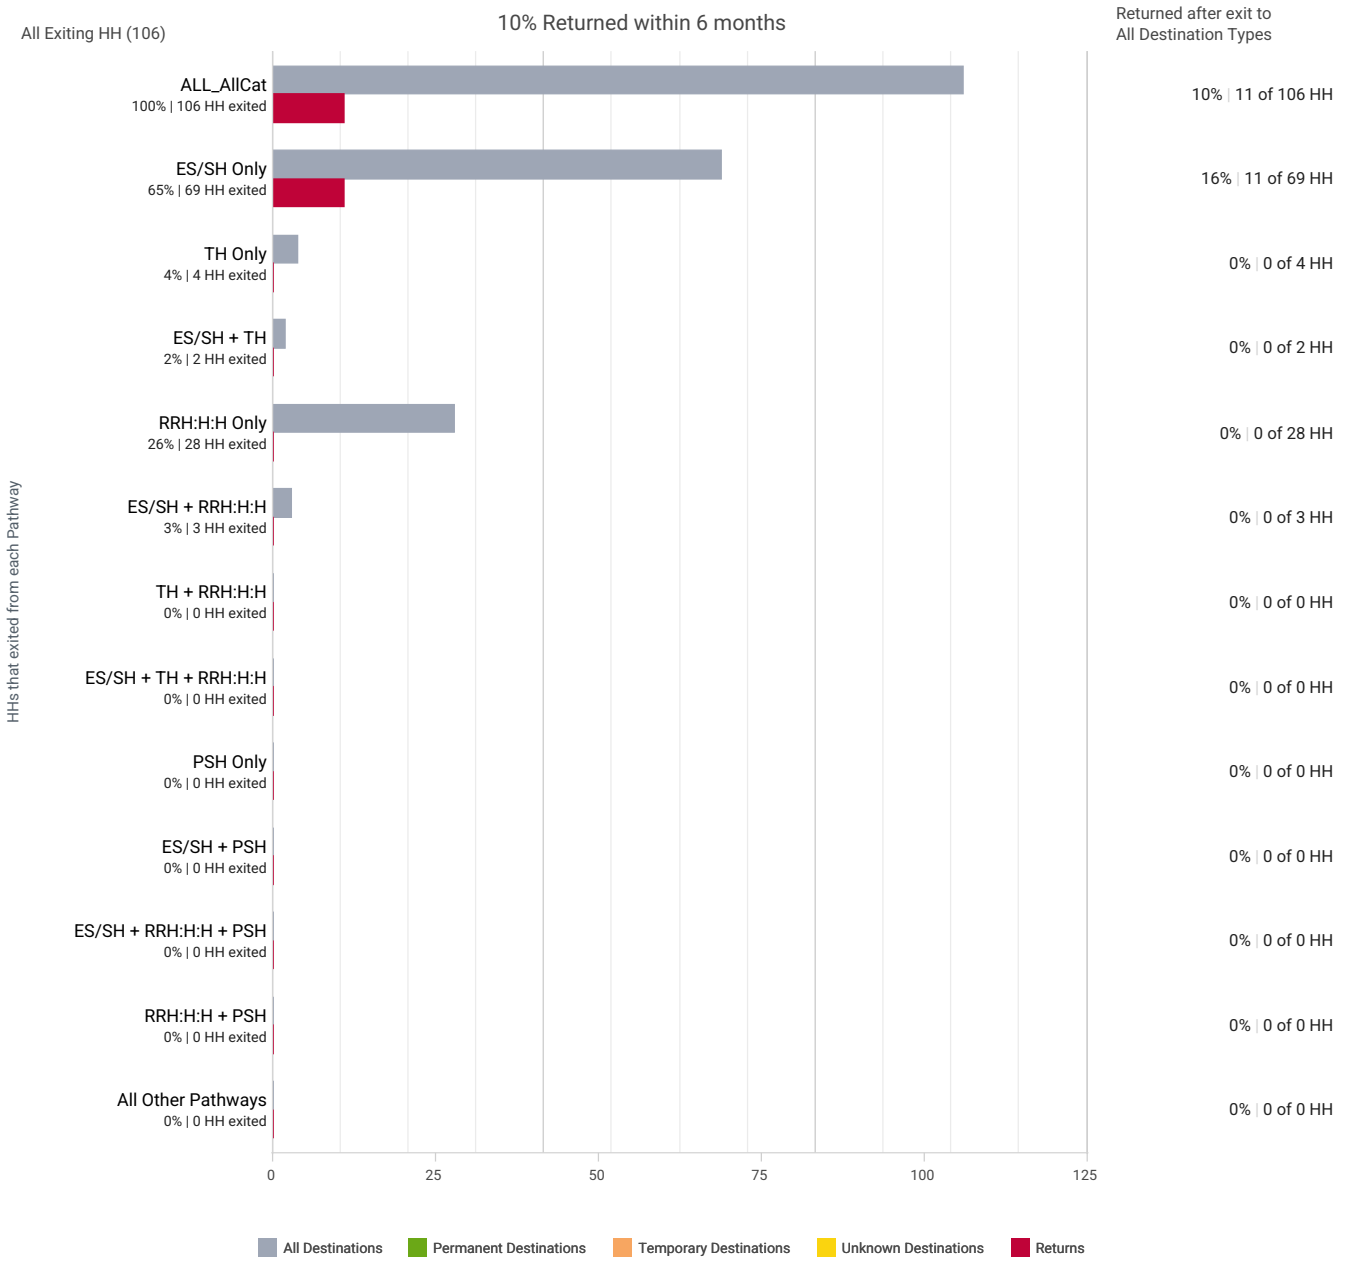

Returns to the Homeless System Trend

Percent of households that returned to the homeless system within 6, 12, and 24 months after exiting to a permanent destination. Returns are shown for all three cohorts in the dataset.

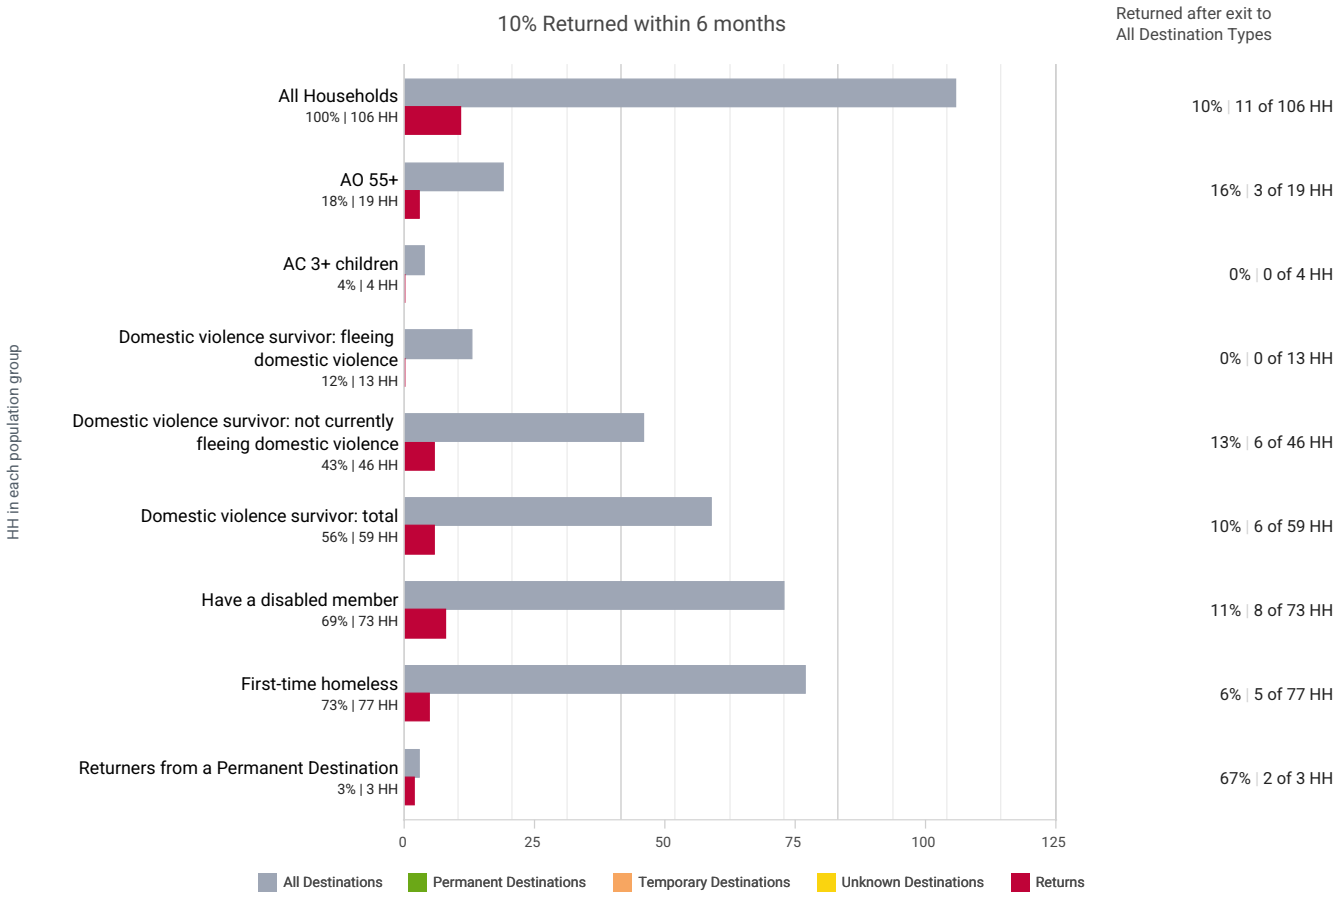

Returns by Pathway

Percent and number of households that returned to the homeless system within six months after exiting from each pathway, and the percent and number of households in each pathway group that returned. Results are shown for the exit cohort selected in the dropdown.

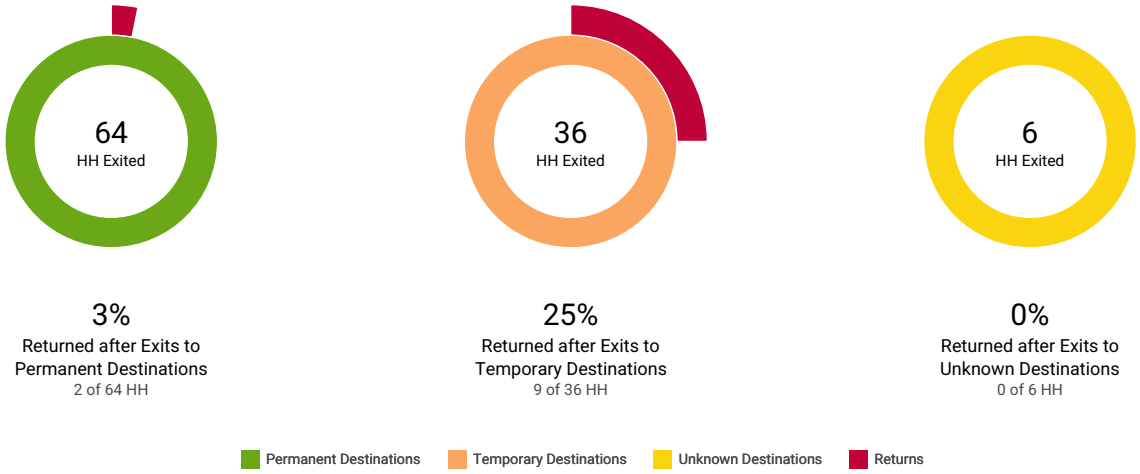

Returns by Population Group

Percent and number of households in each population group that exited the homeless system, and percent and number of exiting households in each group who returned within six months. Results are shown for the selected exit cohort.

Returns by Destination Type by Population Group

The percent of households that returned within six months of exiting the homeless system to permanent, temporary, or unknown destinations. Results are shown for the exit cohort, household type, and population group selected in the dropdown.
